Notes

Virtual Conservation: How the European Union is Turning a Blind Eye to Its Vanishing Primeval Forests

Tomasz Wesołowski

Tartalom:

Introduction

Systemic Hurdles

Terminologies as Tools for Primeval Forest Destruction

Existence of Primeval (Natural) Forest

No Legal Mechanisms to Preserve Ecological and Evolutionary Processes

Roadblocks

The Białowieża Forest Case

Brief History

The Forest

Importance of Retention of the Białowieża Forest

Biodiversity Hot Spot

Białowieża Forest as a Benchmark

Impact of Forestry Operations

Survival of Białowieża Forest

Saving the Białowieża Forest
