Sustainable forestry and the European Union. Initiatives of the European Commission

Tartalom:

Acronyms and abbreviations

Summary

Chapter 1: General background

Introduction

Sustainably-managed forests provide vital services to nature and society

Sustainable forestry within the EU

- a. EU Forestry Strategy - guiding the EU's efforts to convert principles into action
- b. Socio-economic relevance of the forest sector in the EU
- c. Environmental relevance of European forests
- d. The enlargement of the EU

Sustainable forestry: International processes and EU development co-operation

- a. Forest-related international processes and the EU
- b. Forests and development co-operation

Co-ordination and mechanisms to facilitate stakeholder participation

Chapter 2: Forestry in Rural Development and Sapard

The EU's rural development policy

The conceptual framework of forestry measures within rural development policy

Support for forestry measures in candidate countries by the Sapard programme

Forest-related measures under the CAP during the period 1994-1999

Chapter 3: Forest protection measures and the new "Forest Focus" Framework Regulation

Protection of forests against atmospheric pollution

Protection of forest against fire

Outlook: the new "Forest Focus"

Framework Regulation

Chapter 4: Forests and conservation of nature

Forests and conservation issues

The main principles for management of forest Natura 2000 sites

Conclusion

Chapter 5: Forests and climate change

Background

Main findings of the working group on forest-related sinks

Recommendations

Outlook

Chapter 6: Forest reproductive material and plant health

Forest reproductive material

Plant health

Chapter 7: Forestry and Forest-Based Industries (F-BI)

Socio-economic impact of the F-BI sectors in the EU

The F-BI unit in the European Commission

Co-ordination within the Committee on Community Policy regarding F-BI

The challenges of the EU F-BI

Chapter 8: Forest sector statistics

Eurostat

Forest resources

Other statistics

Chapter 9: Forests and development co-operation

Objectives

EU strategy for forest sector development co-operation

Implementing forest sector development co-operation

The major country and regional programmes

Outlook

Chapter 10: Forests and EU research

The EU research framework programmes

- a. Objective
- b. Specific coverage and expected outputs
- c. EU-supported forest research
- d. Examples of activities
- e. Outlook

The role of the Joint Research Centre (JRC)

- a. Forestry and forest-related research
- b. Projects
- c. Outlook

Concluding remarks

Tables and figures

Table 1: Areas of forest and other wooded land in EU and candidate countries

Table 2: Financial forecast of forestry measures in the framework of the rural development programmes 2000-2006: EU contribution under EAGGF

Table 3: An estimated statistical picture of the forestry measures in the Sapard programmes 2000-2006

Table 4: Summary of EU-supported forest research. 5th Framework Programme (1998-2002)

Figure 1: Importance of Natura 2000 in the forest sector: Forest areas designated according to the Habitats Directive as a percentage of the total forest area in the Member States and the EU-15, updated December 2002

Figure 2: EU forest assistance by TFbl in 2000-2003

Figure 3: Global Inventory of Areas Burned in the Year 2000

Figure 4: Forest Map of Europe
